Save big on brand name
Refurbished pipettes!

We hand select only the best candidates to be in our certified pipette refurbished program. They have successful work experience in some of the most famous labs in the world. Our factory trained technicians put them through our certified reconditioning program to insure your pipettor looks great and works like new. This is a great way to save your budget without sacrificing the quality instruments your lab work deserves. Each pipettor comes with a 90 day warranty and a calibration certificate from our ISO 17025 accredited lab.
